7:00 pm

Newtonville Senior Center

Agenda: NAC Meeting 8-12-15

1. Voter Forum: Ward 2 At-Large Candidates

Five candidates have pulled nomination papers for Ward 2 alderman-at-large (to fill 2 positions). NAC will conduct a Voter Forum for the community on September 9, 2015, our regularly scheduled meeting time. All 5 candidates have agreed to participate in the Forum.

We need to discuss the format for the Forum and prepare questions for the event. Tom, Tim and I met over coffee to brainstorm process and product. We will need 10 – 12 questions covering a wide range of issues. Please bring draft questions to the meeting. Please also review the process document the LWV uses for voter events.

7:00-8:00 pm

2. City Vision for Newtonville

Land Use Committee meeting on Austin Street Development. Sept. 24, 2015. Topic: Planning Dept. vision for Newtonville and how Austin St. fits within that vision (includes design of the building, plaza, Bram Way and the new municipal parking lot). NAC should review the Planning Dept. memo in advance of the meeting, and consider speaking and/or responding in writing to the Planning Dept.'s vision. Do we endorse it? Support it? Challenge it?

When presenting plans for Walnut St., James said the city was 5 years away from preparing a master plan for Newtonville. What is the vision? Who's vision. How was it prepared without the input from Alderman, NAC, citizens, and local businesses?

8:00 – 8:20 pm

3. Village Day

Because of the voter forum, this is our last meeting before Village Day on Sept. 27, 2015. Joy will describe her needs and the role of NAC at Village Day.

8:20-8:35 pm

4. Other Business

Approval of meeting minutes, discuss future meeting topics (e.g. when to invite Alan Schlesenger to present plans for development of 1,000 storage units across from Cabot Park (Norcross building property); our potential role at the October 6, 2015 Land Use hearing meeting on Walnut St., and other NAC business.

8:35–8:50 pm
